Product Catalogue

2021

Table of Contents

Standard CyberLock Cylinders

CL-6P1 * 6-pin, Schlage® format – used in suitable Door Handles and Padlocks

CL-6P3WR * 6-pin, Schlage format, weather-resistant, designed for padlocks

CL-C5N * Cam, 3/4" diameter, 9/32" tenon, 90º action, no latch

CL-C6N * Cam, 3/4" diameter, 1/4" tenon, 90º & 180º actions, multiple latches supplied

CL-M2 * Mortise, 1.125" (Finish choices: bright chrome, brushed chrome, bright brass, dark bronze)
CL-M4 * Mortise, 1.25" (Finish choices: bright chrome, brushed chrome, bright brass, dark bronze)

CL-OVL * Scandinavian Oval. Drivers are extra.

Standard CyberLock Cylinders (continued)

CL-PD3030 *   Profile, double, 30mm outside/30mm inside

CL-PH30 *   Profile, half, 30mm (from the fixing hole)

CL-PH35 *   Profile, half, 35mm (from the fixing hole)

CL-PK3030 *   Profile, knob, 30mm outside/30mm inside

CL-R1 *   Rim, U.S. standard (Finish choices: bright chrome, brushed chrome, bright brass, dark bronze)

CL-SF03 *   Small format interchangeable core, Best format, 7-pin

CLT-T6H *   T-Handle Lock, fixed latch, back-install, tamper resistant

CLT-T67H *   T-Handle Lock, sliding latch, front install, tamper resistant

"*" signifies that these items are also available as ROHS compliant versions. Replace CL by CLR.

Standard CyberLock Padlocks

PL-01 *

Brass, 1" x 3/8" diameter stainless steel shackle (9.53mm thickness)

PL-01KR *

Brass, 1" x 3/8" diameter stainless steel shackle, key retaining (9.53mm thickness)

PL-02 *

Brass, 2" x 3/8" diameter stainless steel shackle (9.53mm thickness)

PL-02KR *

Brass, 2" x 3/8" diameter stainless steel shackle, key retaining (9.53mm thickness)

PL-03 *

Brass, 3" x 3/8" diameter stainless steel shackle (9.53mm thickness)

PL-03KR *

Brass, 3" x 3/8" diameter stainless steel shackle, key retaining (9.53mm thickness)

"*" signifies that these items are also available as ROHS compliant versions. Replace PL by PLR.

Standard Stainless Padlocks

PL-810-1

Stainless plated, 8mm open shackle, KIK cylinder, with heights of 25mm, 60mm or 110mm. 20mm Body Thickness.
Codes PL-810-1(25), PL-810-1(60) and PL-810(110)

PL-802-2

Stainless plated, 8mm open shackle, OVL cylinder with heights of 25mm, 60mm or 110mm. 25mm Body Thickness.
Codes PL-802-2(25), PL-802-2(60) and PL-802-2(110)

PL-802-2WR

Stainless plated, 8mm open shackle, OVLWR cylinder with heights of 25mm, 60mm or 110mm. 25mm Body Thickness. Codes PL-802-2(25), PL-802-2(60) and PL-802-2(110)

PL-830-3

Stainless plated, 11mm open shackle, OVL cylinder with heights of 28mm or 50mm. 25mm Body Thickness.
Codes PL-830-3(28) and PL-830-3(50)

PL-830-3WR

Stainless plated, 11mm open shackle, OVLWR cylinder with heights of 28mm or 50mm. 25mm Body Thickness.
Codes PL-830-3WR(28) and PL-830-3WR(50)

Standard CyberKeys

CK-AIR		WiFi-enabled CyberKey®, rechargeable battery
CK-AIR2		WiFi-enabled CyberKey®, rechargeable battery, display, for near real-time access control
CK-BLUE2		Bluetooth®, Dual-mode, rechargeable battery, update by Android or IOS mobile phone or other standard communicators
CK-BLUE3		Bluetooth® 5.0 Low Energy, USB, rechargeable battery, Infra-Red with button to activate Bluetooth®, update by Android or IOS mobile phone, or IR Encoder or other standard encoders
CK-BUNDLE		CK-BLUE2 with PP-01 (mini CyberKey charger)
CK-FLASH		CyberKey, with display, with Optical and IR communication
CK-IR7		User key, infrared, replaceable battery, replaceable tip, audit capacity of 3,900
CK-X		User key, infrared, replaceable battery, extended audit capacity of 12,000

Standard CyberKeys (continued)

CK-PLUS — Generation 2 User key, rechargeable battery, replaceable tip

CK-USB — Generation 2 User key, rechargeable battery, replaceable tip with additional USB recharge and update facility (micro-USB)
CKR-IR7 — User key, infrared, replaceable battery, replaceable tip, ROHS compliant

CKR-IR7-S — User key, infrared, plastic case, removable stainless steel, ROHS compliant

CKR-IR7C — Control key for CL-LF01 and CL-SF03 only, replaceable battery

CKR-PLUS — CyberKey, plus, rechargeable, Generation 2, ROHS compliant

CKR-BLUE2 — Bluetooth®, Dual-mode, rechargeable battery, update by Android or IOS mobile phone or other standard communicators, ROHS compliant

CKR-BLUE3 — Bluetooth® 5.0 Low Energy, USB, rechargeable battery, Infra-Red with button to activate Bluetooth®, update by Android or IOS mobile phone, or IR Encoder or other standard encoders, ROHS compliant
CKR-USB

Generation 2 User key, rechargeable battery, replaceable tip with additional USB recharge and update facility (micro-USB), ROHS compliant

CKR-X

User key, infrared, replaceable battery, extended audit capacity of 12,000, ROHS compliant

Please note:

CyberKeys are available with a hardened Stainless-steel Tip signified by an S suffix. This replaces the standard Brass Tip. Minimum order quantities apply. Details upon request.

Also note:

Generation 1 CyberKeys such as the CK-RXD and the CK-RXD2 reached end of life in June 2020. Should you need these keys please contact us, as we have retained some stocks but availability is limited.

CyberKey Rechargers

CKS-010		1-key charging station, 120v, 60Hz
CKS-016 *		6-key charging station, 120v, 60Hz
CKS-F10 *		1-key charging station, 220v, 50Hz
CKS-F16 *		6-key charging station, 220v, 50Hz
PP-01 *		Power Port, mini CyberKey charger
"*" signifies that these items are also available as ROHS compliant versions. EG PPR-01, CKSR-F16 etc.

Communicators

AHG2-W2 *

CyberKey Generation 2 Authorizer hub, web, 240v, 60Hz

AKG2-01 *

Cyberkey Authorizer keyport for Gen 1 and Gen 2 Keys when used with AHG2-W2

AH-W2 *

CyberKey Authorizer hub, web, 220v, 50Hz

AK-01 *

CyberKey Authorizer keyport, indoor/outdoor installation, 1-8 display, keypad

CKS-020 *

USB Station with USB cable (also charges rechargeable batteries)

CKS-V02

ValidiKey 2 station for update of Gen 1 or Gen 2 CyberKeys. LAN or WiFi internet connection.

CKV-V02

Validkey 2 Vault, used with CK-Plus Keys, for storage and release of Keys in an office environment.   LAN or WiFi internet connection.

CKV-V20

ValidiKey 20 vault with integrated touchscreen display, for storage and controlled release of Keys in an office environment. LAN or WiFi connection. Typically used with CK-Plus CyberKeys.

Communicators (continued)

MK-01 *   CyberKey Authorizer mini keyport, indoor/outdoor installation. Used with AH-W2 Hubs.

RFB-001   RFID card reader, USB connection

CKV-020S   20-key Vault with server for CK-RXD/RXD2 keys only

"*" signifies that these items are also available as ROHS compliant versions.

Flex System Components

FS-CV01   CyberKey weatherized vault module
FS-DC01   Door & I/O module
FS-KD01   Keypad display module

FS-MP01   Flex keyport

FS-RH02   13MHz RFID reader with beeper

FS-SH01   CyberLock® Flex System hub, 8 input/output ports

Please note: Flex2 will be available from Q1 2021, and features new Door Controllers, KeyPad options and entry control options such as Bluetooth.

Accessories

A-CC375   Collar for 3/4" diameter cams, .375" length (minimum order may apply)

A-IC01   Adapter kit, CL-SF03 to Yale IC format (minimum order may apply)

A-U120   USB Station transformer, 120v, 60Hz

A-U220   USB Station transformer, 220v, 50Hz

BOX-01   Single-gang box, indoor/outdoor

BOX-02   4" x 4" x 4" junction box

BOX-03   6" x 6" x 4" junction box

Accessories (continued)

BRUSH — Lock and key pin cleaning brush, stainless steel bristles

BRUSH-D — Lock and key pin cleaning brush, stainless steel bristles, Dremel®

CK-CAP-010 — Key tip cap, 10 pack

CP-05 — CyberPoint®, a non-locking version of CyberLock, used for data recording at checkpoints

FS-PLATE-101 — Mounting plate for RFID, knob, and display modules, BOX-01
FS-PLATE-201 — Mounting plate for weatherized vault module, BOX-02

FS-PLATE-202 — Mounting plate for keypad display module, BOX-02

Accessories (continued)

FS-PLATE-301		Mounting plate for BOX-03
HDM1459		USB micro cover for CK-RXD2, black, 10 pack
HDP250		End cap for CK-RCG/RXD, black
HDP237		End cap for CK-RCG/RXD, black
TIP-001		Replaceable tip for CK-IR7 and CK-RBT
TIP-008		Replaceable case for CK-RXD
TIP-009		Upgrade kit from CK-RCG to CK-RXD

Accessories (continued)

TIP-010   Replaceable case for CK-RXD2

TWC-016   Standard USB to micro USB cable for CK-RXD2

FlashLock

CK-FLASH		CyberKey Flash
FK-01		Flashlock, User Fob
FL-BAT-KIT		Battery replacement kit - Mortise and Profile locks
FL-BAT-KIT-PL		Battery replacement kit - Padlocks
FL-M4		Flashlock, Mortise 1-1/4"
FL-PH30		FlashLock, 30mm Half Euro Profile
FlashLock (continued)

FL-PL02   FlashLock Padlock, 2" Shackle

FL-R1-KIT   FlashLock Adaptor, Mortise to Rim

FM-01   FlashLock, Master Fob

FL-BOX-01   Flash Box to securely store mechanical Keys or Cards, opened by Mobile Phone, Fob or Card.

FL-BOX-01S   Flash Box with hanger to securely store mechanical Keys or Cards, opened by Mobile Phone, Fob or Card.

Made to Order CyberLock Products

(minimum orders quantities apply)
AS-SLCA-300   Australian Post Cable Assembly, Complete, Steel Nose

CH-Tube-NW48   Security Tube, 48mm diameter

CH-Tube-NW70   Security Tube, 70mm diameter
CL-6P2   6-pin,Yale, 1801 hardware format
CL-7P1   7-pin, Yale 1802A hardware format

CL-C10N   Camlock, Parking Cashbox

CL-C11ND   Camlock, 22mm dia, 11mm tenon, drill resistant

Made to Order CyberLock Products (continued)

CL-C12N   Camlock, 22m dia, 1/4" - 20 tenon

CL-C13N   Camlock, 22m dia, 11mm post

CL-C14N   Camlock, Ri511/509 format

CL-C15N   Camlock, Ri 503 format

CL-C16N   Camlock, Ri521 format

CL-C17N   Camlock, 30mm diameter body, 11mm tenon

CL-C18N   Camlock, 3/4" by 1-3/8", 1/4" tenon, square post

Made to Order CyberLock Products (continued)

CL-C19N		Camlock, 21mm body, 10mm post
C-21N		Swiss Cabinet Format
CL-C1N		Camlock, 3/4" dia, nickel
CL-C2N		Camlock, 95-210 or 30-180 rotation
CL-C3N		Camlock, 1.5" hook latch
CL-C5NC		Camlock, 9/32" tenon with collar
CL-C6NF		Camlock, 3/4" dia, 1/4" tenon, fully threaded
Made to Order CyberLock Products (continued)

CL-C7N   Camlock, telephone format

CL-C8N   Camlock, 3/5"-24 tenon, 90 deg rotation

CL-C9N   Camlock, 18.75mm dia, Custom thread, Custom tenon

CL-CA   Cabinet Format, weather resistant

CL-CA2D   22mm English Cabinet Format, drill resistant

CL-CB   Camlock, 28mm

Made to Order CyberLock Products (continued)
CL-ES2   Electronic Switch
CL-ES2-3M   Electronic Switch, 3m Cable

CL-FK4141R   41mm to 41mm Removable Knob, Fichet compatible

CL-FR050   French Round

CL-FR050B   French Round, Bayonet Style

CL-FR075   French Round, 75mm

CL-FR100   French Round, 100mm

Made to Order CyberLock Products (continued)
CL-FR120		French Round, 120mm
CL-IKC		Euro Round Cam
CL-KB1		Kee Blok
CL-LF01		Large Format IC Core, Schlage format
CL-M14		1-7/8" Mortise Lock
CL-M2C		1-1/8" Mortise with cover
CL-M4C		1-1/4" Mortise with cover
Made to Order CyberLock Products (continued)

CL-OK3535   British Oval with Knob, 35mm-35mm

CL-OVLD   Scandinavian Oval, drill resistant

CL-OVLD2   Scandinavian Oval, drill resistant

CL-OVLI   Scandinavian Oval, interior installation

CL-OVLWR   Scandinavian Oval, with cover
CL-PD3535   European Profile, 35mm-35mm Double Cylinder format

CL-PD4545   European Profile, 45mm-45mm Double Cylinder format

Made to Order CyberLock Products (continued)

CL-PD6030		European Profile, 60mm-30mm Double Cylinder format
CL-PDFR4045		European Profile, 40mm-45mm Free Rotating Double Cylinder format
CL-PH30T		European Half-Profile, 30mm True
CL-PH32.5C		European Half-Profile, 32mm with cover
CL-PH37C		European Half-Profile, 37mm with cover
CL-PH40		European Half-Profile, 40mm
CL-PH42C		European Half-Profile, 42mm with cover
CL-PH45   European Half-Profile, 45mm

CL-PH55   European Half-Profile, 55mm

CL-PH65C   European Half-Profile, 65mm with cover
CL-PH80   European Half-Profile, 80mm

CL-PH80C   European Half-Profile, 80mm with cover

CL-PHS32.5XD   European Half-Profile, 32.5mm drill resistant

CL-PHS36   European Half-Profile, 36mm Strengthened

CL-PK32.530C   European Profile with Knob, 32.5mm-30mm with cover

Made to Order CyberLock Products (continued)

CL-PK3535   European Profile with Knob, 35mm-35mm

CL-PK3550   European Profile with Knob, 35mm-50mm
CL-PK3735C   European Profile with Knob, 37mm-35mm, with cover
CL-PK4030   European Profile with Knob, 40mm-30mm

CL-PK4030C   European Profile with Knob, 40mm-30mm, with cover

CL-PK5030   European Profile with Knob, 50mm-30mm

CL-PK5050   European Profile with Knob, 50mm-50mm

CL-PK6030   European Profile with Knob, 60mm-30mm
CL-PK7030   European Profile with Knob, 70mm-30mm
CL-PK8030   European Profile with Knob, 80mm-30mm

CL-PKS3635   European Profile with Knob, 36mm-35mm, high security

CL-PKS6030   European Profile with Knob, 36mm-30mm, high security

CL-PKS6030R   European Profile with Knob, 60mm-30mm, high security, removable knob
Made to Order CyberLock Products (continued)

CL-PL2WR   Abus Padlock format, weather and drill resistant, with cover

CL-PL2WRD   Abus Padlock format, weather and drill resistant

CL-PL3WRD   Squire Padlock, weather and drill resistant

CL-PL5WRD   Anchor Las Padlock format, weather and drill resistant

CL-PL6WR   Padlock Cylinder, removable shackle, weather resistant

CL-PM1D   Parking Meter, double D tenon, drill resistant

CL-PM2D   Parking Meter, round tenon, drill resistant

Made to Order CyberLock Products (continued)

|		
CL-R2		Rim Cylinder, Vault format
CL-RK29		Ruko, 29mm format
CL-RK29C		Ruko, 29mm format, with cover
CL-RND29		Round format, 29mm
CL-RND29WR		Round format, 29mm, with cover
CL-RP1		Removable Plug

Made to Order CyberLock Products (continued)

CL-RP2   Removable Plug, cabinet format

CL-RWR   Rim format, weather resistant

CL-SO2   Switch, On-Off

CL-SD3232   Swiss format, double 32mm-32mm

CL-SF03-A   Small format IC core with integrated driver
CL-SH32   Swiss format, half 32mm

Made to Order CyberLock Products (continued)

CL-SK3232   Swiss format, 32mm-32mm with knob

CL-SK3232R   Swiss format, 32mm-32mm with removable knob

CL-SM2   Switch, Momentary

CL-TC1   Traffic Cabinet Lock

CL-TCG   Traffic Cabinet Lock, Gatsometer style
CL-TEL   Telephone Cash Box

CLT-530   Tamper resistant, 530 format

Made to Order CyberLock Products (continued)

CLT-570   Tamper resistant, 570 mortise -format

CLT-570D   Tamper resistant, 570 mortise -format, drill resistant

CLT-6P1   Tamper resistant, 6-pin Schlage format

CLT-6P3WR   Tamper resistant, 6-pin Schlage format, weather resistant

CLT-C14N   Ri 511/509 format camlock, tamper resistant

CLT-C15N   Ri 503 format camlock, tamper resistant

Made to Order CyberLock Products (continued)

CLT-C16N   Ri 521 format camlock, tamper resistant

CLT-C19N   21mm body, 10mm post camlock, tamper resistant

CLT-C1N   Camlock, 3/4", tamper resistant

CLT-C6N   Camlock, 3/4" dia, 1/4" tenon, tamper resistant

CLT-LF01   Large Format IC Core, Schlage format, tamper resistant

CLT-M2   1-1/8" Mortise Lock, tamper resistant

Made to Order CyberLock Products (continued)

|		
CLT-M4		1-1/4" Mortise Lock, tamper resistant
CLT-PD3535		Euro Profile, Double, 35mm-35mm, tamper resistant
CLT-PD3535L		EuroProfile, Double, 35mm-35mm, tamper resistant, lost motion
CLT-PH30		EuroProfile, Half, 30mm, tamper resistant
CLT-PH35		EuroProfile, Half, 35mm, tamper resistant
CLT-PHS36		EuroProfile, Half, 36mm, tamper resistant, high security

Made to Order CyberLock Products (continued)

CLT-PK3535 — EuroProfile, Knob, 35mm-35mm, tamper resistant

CLT-PK5050 — EuroProfile, Knob, 50mm-50mm, tamper resistant

CLT-PKS3635 — EuroProfile, Knob, 36mm-35mm, tamper resistant, high security

CLT-PL4WR — Lockwood Padlock insert format, tamper resistant

CLT-R1 — Rim Cylinder, tamper resistant

CLT-R2 — Rim Cylinder, Vault format, tamper resistant

Made to Order CyberLock Products (continued)

CLT-S02 — Switch, On-Off, tamper resistant

CLT-SF03 — Small format IC core, tamper resistant

CLT-SM2 — Switch, Momentary, tamper resistant

CLTX-PL5WRD — Anchor Las Padlock format, weather and drill resistant, tamper resistant

SL-DB1 — Safelock, Dead Bolt Latch

SL-DB1KR — Safelock, Dead Bolt Latch, key retaining

SL-KS1 — Safelock, KeyPad activated Latch
SL-KS2

Safelock, KeyPad activated Latch

SL-SP1

Safelock, Spring Latch

SL-SW1

Safelock, Swing Latch

Made to Order Specialised Padlocks

(minimum orders quantities apply)

PL-BB45   Padlock, Barbell format, 45mm Shackle

PL-HP1   Padlock, Hockey Puck format

PLT-01   Padlock, 1" 9.63 mm Shackle, tamper resistant

PLT-01KR   Padlock, 1" 9.63 mm Shackle, key retaining, tamper resistant

PLT-02   Padlock, 2" 9.63 mm Shackle, tamper resistant

PLT-02KR   Padlock, 2" Shackle, key retaining, tamper resistant

PLT-03   Padlock, 3" Shackle, tamper resistant

PLT-03KR — Padlock, 3" Shackle, key retaining, tamper resistant

PLT-BB45 — Padlock, Barbell format, 45mm Shackle, tamper resistant

PLT-HP1 — Padlock, Hockey Puck format, tamper resistant

PL-01-A — Padlock, 1" x 5/16" Shackle

PL-01KR-1A — Padlock, 1" x 5/16" Shackle, key retaining

PL-02-A — Padlock, 2" x 5/16" Shackle

PL-02KR-A — Padlock, 2" x 5/16" Shackle, key retaining

PL-03A — Padlock, 3" x 5/16" Shackle

PL-03KR-A — Padlock, 3" x 5/16" Shackle, key retaining

PL-830-4DR

Stainless plated, 11mm open shackle, Drill Resistant cylinder (CEN 4 Rating) with shackle heights of 28mm or 50mm. 25mm Body Thickness.
Codes PL-830-3DR(28) and PL-830-3DR(50)

PL-830-4DRPS

Padlock, 11mm Protected Shackle, Drill Resistant CEN 4

PL-830-4DRFPS

Padlock, 11mm Protected Flying Shackle, Drill Resistant CEN 4

PL-840-4

Padlock, 14mm Open Shackle, Standard Oval Cylinder, 28mm shackle height, 30mm Body Thickness

PL-840-4WR

Padlock, 14mm Open Shackle, Weather Resistant Oval Cylinder, 28mm shackle height, 30mm Body Thickness

PL-840-4DR

Padlock, 14mm Open Shackle, Drill Resistant Oval Cylinder (CEN 5), 28mm shackle height, 30mm Body Thickness

PL-844-4DRPS

Padlock, 14mm Protected Shackle, Drill Resistant Oval Cylinder (CEN 5), 28mm shackle height, 30mm Body Thickness

PL-844-4DRFPS

Padlock, 14mm Protected Flying Shackle, Drill Resistant Oval Cylinder (CEN 5), 28mm shackle height, 30mm Body Thickness

KeySentry

Highly secure storage of mechanical keys or cards – with the benefits of CyberLock protection as well as electrically opened options.
